Ref: Year 4 Science Workshop

Dear parent,

In order to enhance the delivery of this term's Science unit on Sound, I have organised for Year 4 pupils to take place in a Science workshop.

'Sam The Soundman' will come into school on Monday 25th September to work with us. The session will be a hands on experience for the pupils. They will be able to participate in a range of experiments, using a range of apparatus delivered by composer and ex-secondary Science teacher Sam Paechter. This session will support the work we are doing in class and help ensure the objectives we need to cover are fully embedded for each pupil.

In order for the workshop to take place we are asking for a voluntary contribution of **£3.50 per child**. Although it is a voluntary contribution, if we do not receive enough contributions we will have to cancel the session.

** Payment can be made through parentpay. Receipt of payment will act as confirmation for your child to take part in the workshop.

If you have any further questions please do not hesitate in contacting me.
